**LCM Glassfront  
Merchandiser**

**The LCM3: Our largest capacity merchandiser at a lower cost.**

## LCM3 Capacities

Our LCM3 glassfront merchandiser is designed to give you maximum profitability in select locations. Designed and manufactured with the state-of-the-art engineering and quality workmanship you've come to expect from Automatic Products international, Ltd., the LCM3 is simpler in design and function to give you a lower cost alternative. The LCM3 offers you the largest capacity of the LCM models. The LCM3 has the following standard features:

**Attractive Apollo or Euro styling** with rounded corners lets you choose the look that fits your needs and appeals to your customers.

**Four popular shelving configurations** give you the most preferable capacity options available in a low cost machine.

**Convertible shelving** allows for the most advantageous combination of snacks and candies.

**Electronic counters** provide you with total vends and total cash sales for easy tracking.

**The LCM3 also offers the following options:**

**Gum and mint dispensing system** makes it more convenient to stock, service and inventory product.

**Dual snack spirals** allow maximum vending flexibility.

**24 volt changer and bill validator** ensures long-lasting, dependable change and bill validation functions.

**Ventilation fan** to guarantee product freshness.

**Chiller unit** lowers the internal temperature by 20+°F to protect and extend product quality.
